

230 Girl Scouts, Brownies Have Fun, Learn Skills at Day Camp At Lomita Park

CHOO CHOO . . . One of the biggest achievements of girls their age was made by Lomita Brownies during the Girl Scout Day Camp which ended Thursday at Lomita Park. The nine and 10-year-olds constructed a train, complete with "bunny" engine and red caboose, out of cardboard, colorful crepe paper,

nails, and fruit jar lids. Pictured with the train, which the Brownies will give to the Children's Hospital in Los Angeles, are, at the engine, Gayle Miller of Harbor City, and, left to right, Sheryl Bliss, Sharon Conner, Emily Chambers of Lomita; Christine Gordon of Harbor City.

THE GOOD FAIRY . . . Sharon Stiles of 2228 Hampton Ave., Harbor City, was the fairy queen in an original play presented by the youngest group of Brownies at the closing session of Day Camp at Lomita Park Thursday. Skit centered around an enchanted rock in the forest, home of the fairies. Two lost children lay down to sleep, and a big hungry bear was about to attack them when the fairies came to the rescue. Good triumphed over evil when the bear repented and was given the silver key to Fairyland.

Original Songs, Dances Spark Closing Program

One hundred fifty Girl Scouts and Brownies ended Day Camp at Torrance Park Thursday and an additional 80 Brownies climaxed a similar 10-day activity at Lomita Park the same day with original programs demonstrating the work they had done during the sessions.

In addition to cooking their own meals and cleaning up afterwards by a democratic lot-drawing to determine individual chores, the girls learned many outdoor skills, such as building camp equipment, making First Aid kits, and studying plants and trees in the two parks. A junior council governing the groups met each day before lunchtime to evaluate the day's activities and determine succeeding routines.

The Scouts put their imaginations to work creating costumes for the closing program. Each group's dance, skit, or song was original, evolved with the help of leaders and Senior Girl Scouts, who served as program aides.

Photos on this page show a few of the activities of the 10-day session, which began June 21.
